WELCOME

Learn at your own pace, one stamp at a time

This module is an interactive website. You read, listen, practise, and write in the browser, and each unit you finish is stamped into your own digital passport. This guide takes about five minutes to read.

What you need

**A device**

A phone, tablet, or computer with an up-to-date browser such as Chrome, Safari, Edge, or Firefox.

**Sound**

Speakers or headphones. Every unit has recorded English for you to listen to and repeat.

**Internet**

A connection to open the site and play the recordings.

**Time**

About 4 hours per unit. Six units, about 24 hours in total, at your own pace.

The six units

UNIT 01

**ASEAN as a
Tourism Region**

UNIT 02

**Discovering ASEAN
Destinations**

UNIT 03

**English for
Tourism
Communication**

UNIT 04

**Intercultural
Communication in
ASEAN Tourism**

UNIT 05

**Sustainable
Tourism in ASEAN**

UNIT 06

**ASEAN Tourism
Storytelling Project**

IMPORTANT

Your progress stays on your device

Your name, answers, writing, and stamps are saved automatically in the browser you use. There is no account or password. To keep your progress:

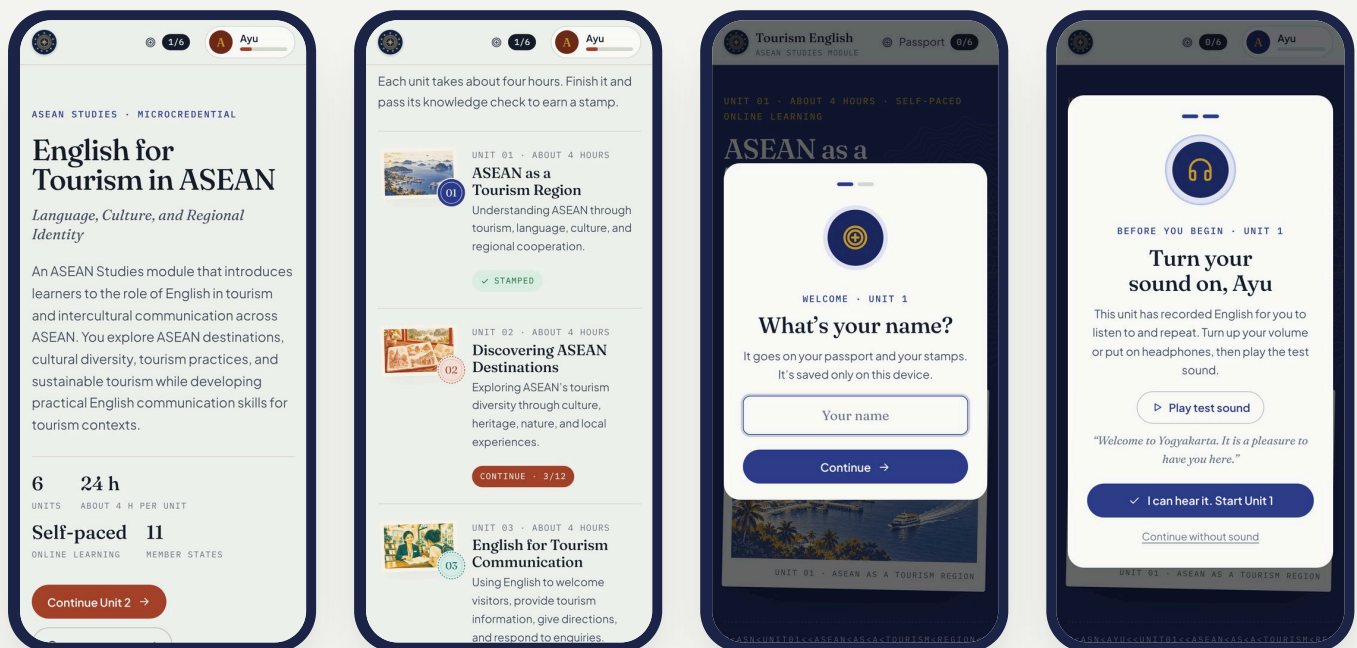

- ✓ Use the same device and the same browser each time.
- ✓ Avoid private or incognito windows.
- ✓ Clearing your browsing history or site data erases your progress.
- ✓ Copy important writing into a document as a backup.

QUICK START

Start learning in four steps

The first time you open a unit, the site asks for your name and checks your sound. After that, it opens straight to where you left off.

1 Open the home page

Tap **Start Unit 1**. When you come back, the same button says **Continue** and takes you to the unit you are working on.

2 Choose a unit

Scroll down to see all six units. Each one shows where you are:

START

CONTINUE · 3/12

✓ STAMPED

3 Enter your name

Your name goes on your passport and your stamps. It is saved only on this device.

4 Check your sound

Tap **Play test sound**. If you hear it, tap **I can hear it**. No sound right now? Tap **Continue without sound**.

Start with Unit 1. Each unit adds a piece to your final storytelling project in Unit 6.

Use headphones in a public place, and repeat the English aloud after you listen.

Open your passport any time from the stamp counter at the top of the screen.

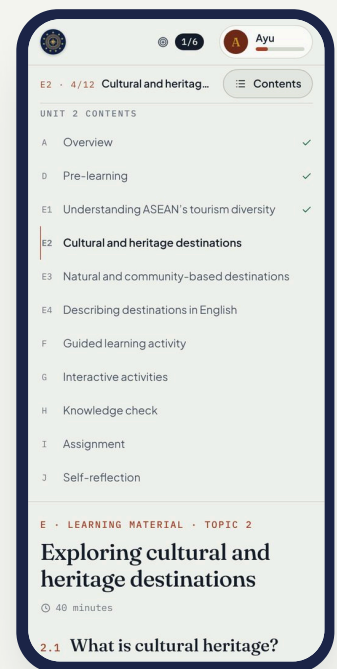

FIND YOUR WAY

Moving around a unit

Each unit is divided into short sections, from the overview to the summary. You see one section at a time.

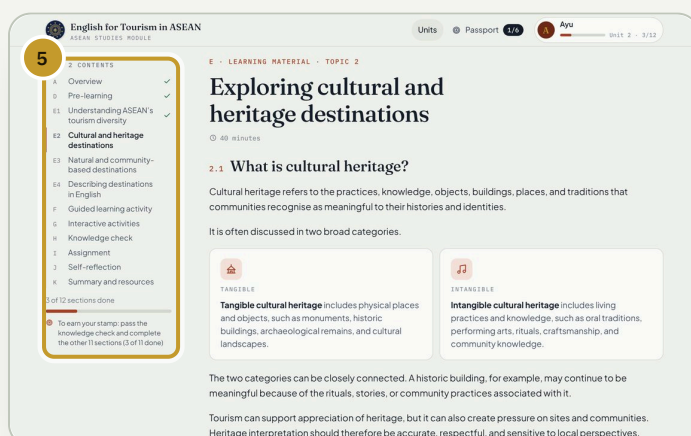

- 1 **Home**
Go back to the list of all six units.
- 2 **Passport**
Shows how many stamps you have, out of six. Tap to open your passport.
- 3 **Your name and progress**
The bar fills as you finish sections in this unit.
- 4 **Where you are**
The section you are reading now, for example “E2 · 4/12”.
- 5 **Contents**
Open the list of all sections and jump to any one. A tick shows each section you have finished.

THE CONTENTS LIST

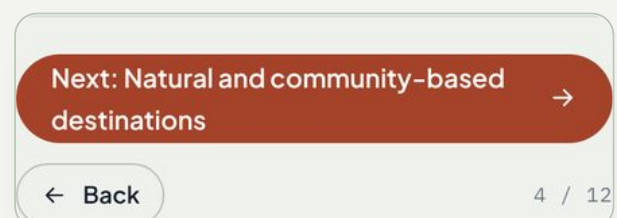

On a computer

On a wide screen, the contents list stays on the left, with your progress underneath it.

At the end of each section

Tap **Next** to mark the section as done and open the next one. **Back** returns to the previous section, and the counter shows where you are.

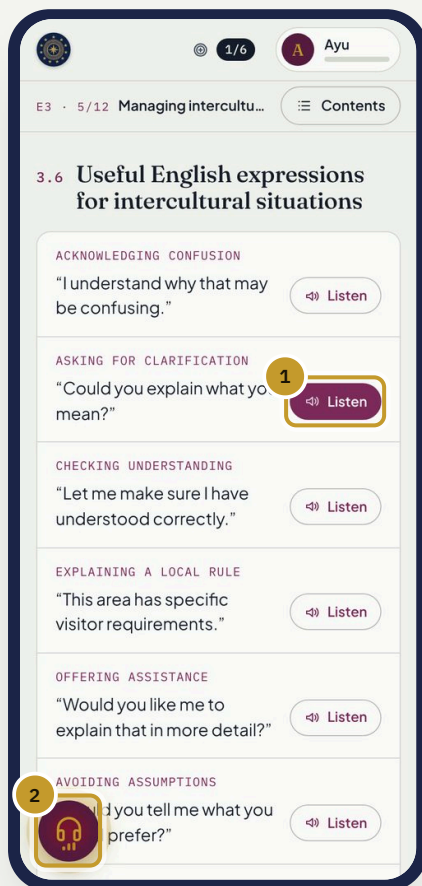

- ✓ A section counts as done when you tap **Next**.
- ✓ In the last section, tap **Finish Unit**. If you skipped anything, it takes you to the first section you have not finished.
- ✓ The knowledge check counts as done when you pass it.

LISTEN · PRACTISE · WRITE

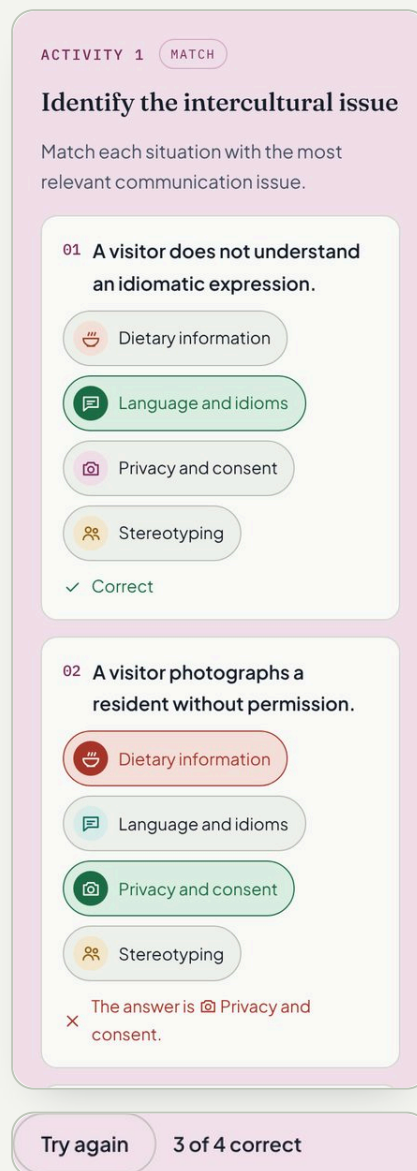

Using the learning tools

Every unit mixes reading with recordings, short activities, and writing tasks. Here is how each one works.

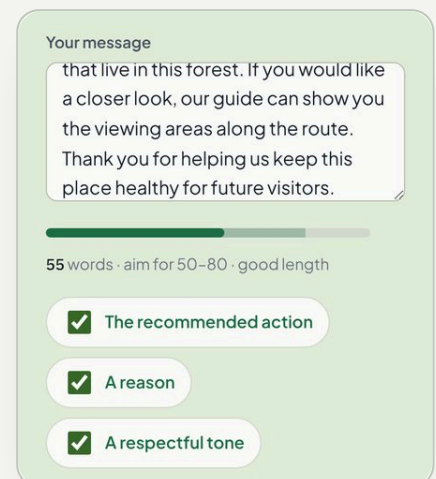

Listen

- 1 Tap **Listen** to hear the English. Tap it again to stop. **Play** buttons read a whole dialogue or script and highlight each part as it plays.
- 2 While audio plays, a headphones button appears in the corner. Tap it to stop.

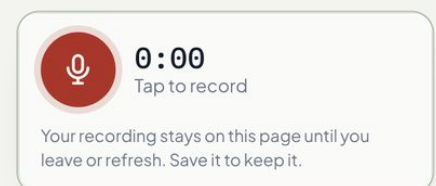

Practise

- ✓ Choose an answer for every item, then tap **Check answers**.
- ✓ **Green** means correct. **Red** shows the right answer.
- ✓ Tap **Try again** to clear your answers and start over.
- ✓ Some tasks have a **Show the suggested answer** button. Try first, then compare.

Write

- ✓ Everything you type is saved automatically.
- ✓ The word-count bar turns green when your writing is in the target range.
- ✓ Tap **Copy text** to paste your work into a document or a message.

Record yourself

- ✓ Tap the microphone to record and tap again to stop. Then listen back and tap **Save recording**.
- ✓ If your browser asks to use the microphone, allow it. If recording is not available, use your phone's voice recorder instead.

CHECK · STAMP · PASSPORT

Earning your stamps

Each unit ends with an eight-question knowledge check. Pass it and finish every section, and the unit is stamped into your passport.

QUESTION 1 OF 8

Which statement best describes tourism destinations?

☐ A They are places visited only for entertainment.

☒ B They can provide opportunities to learn about culture, history, nature, and communities. ✓

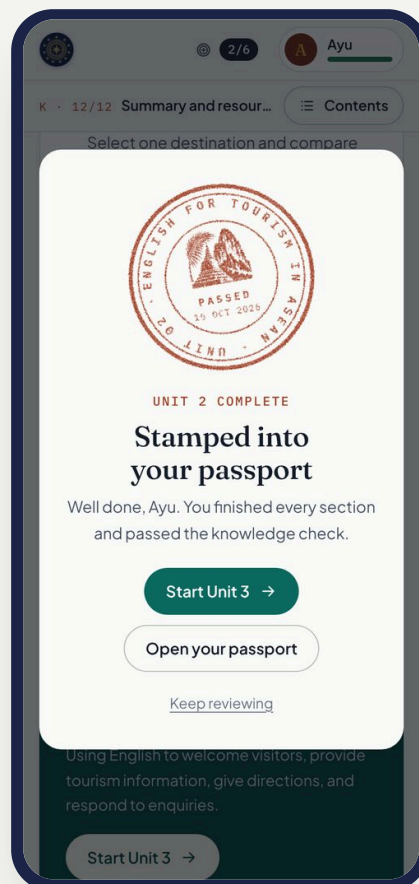

☐ C They must all be internationally famous.

☐ D They have no relationship with local communities.

Next question → ✓ Correct

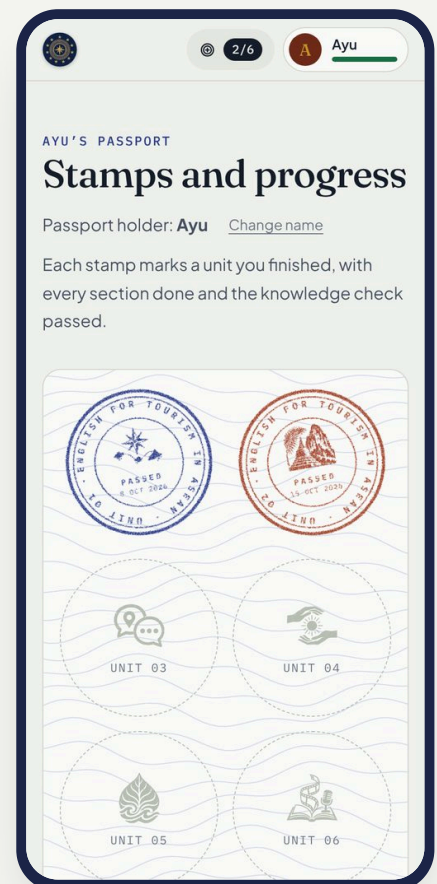

Knowledge check

- ✓ Answer one question at a time: choose, then tap **Check answer**.
- ✓ A wrong answer links to the section to revisit.
- ✓ Score **6 out of 8** or more to pass.
- ✓ Not there yet? Review, then tap **Retake the check**. Your best score counts.

Your stamp

When every section is done and the check is passed, your stamp appears, dated with the day you earned it. From here you can start the next unit or open your passport.

Your passport

- ✓ Six stamp spaces, one for each unit.
- ✓ Your progress in every unit.
- ✓ **Your project drafts**: the main writing from each unit. Copy it, or tap **Keep writing** to return to it.
- ✓ **Change name** fixes your name on the passport.
- ✓ **Clear my progress** erases everything on this device. Copy your drafts first.

UNIT 6 AND BEYOND

Your final project

The writing you do in Units 1 to 5 builds towards the ASEAN Tourism Storytelling Project. In Unit 6 you plan your story, draft it part by part, review it, and write a short creator's statement.

1 Hook 2 Introduce 3 Develop 4 Responsible tourism

5 Call to action

Write the five parts, then tap **Put my five parts together** to join them into one story you can keep editing. Collect all six stamps and your passport is complete.

A COMPLETE PASSPORT

If something isn't working

I can't hear anything

Turn the volume up and check that your phone is not on silent. Try headphones, then tap **Listen** again. If you see "Couldn't load the recording", check your internet connection.

My progress has disappeared

Progress is saved in one browser on one device. Open the site on the same device and browser you used before, outside private or incognito mode.

The recorder doesn't work

Allow the microphone when your browser asks, or turn it on in the browser's site settings. You can also record with your phone's voice recorder.

I can't see the contents

On a phone or small screen, tap **Contents** at the top of the unit. On a wide screen, the list is always on the left.

The text is too small

Zoom in: pinch on a phone or tablet, or press Ctrl and + (Cmd and + on a Mac) on a computer.

The colours look dark

The site follows your device's light or dark mode. Change the display setting on your device to switch.

Tell the story of a destination in a way that helps people *understand it, respect its communities, and contribute to its future.*
